We are doing it.

Pöppelmann KAPSTO® service advantages.

On-site consulting.

Karl and all the other Pöppelmann KAPSTO® sales representatives are having fixed sales territories and are always on site for you - granting a fast and flexible appointment scheduling. Thanks to a long-term experience, they are having an extensive product and application knowledge and are happy to consult you.

Available from stock.

Our product range with more than 3,000 versions is thanks to Günter and our whole production team always available from stock. You can rely on an optimal stock availability and a fast delivery performance by Pöppelmann KAPSTO®.

CAD download.

Every single cap and plug is available as a CAD download on www.poeppelmann.com. Your advantages: time-saving, faster reaction times while designing. The CAD/CAM network is providing a fast data exchange and an easy transfer of exciting 3D customer data.

Tailored solutions.

On request, Rüdiger and our technical department will develop individually tailored solution. Usually there is no need to construct new moulds from scratch. In most cases, it is sufficient to make special mould inserts from existing mould.

Find out more: www.poeppelmann.com

Free samples.

Christina and our whole inside sales team will help you to find the perfect solution. We are happy to send you free samples for testing and to show you a selection of choices. Once decided on the perfect cap or plug, you can rely on a fast and perfect order processing.

No minimum order quantity.

Peter and our whole dispatch team are working to your requirements. This applies to every single delivery. We do not have standard packaging units. You can order every quantity which you would like.

Quality management.

Christoph and our quality management team are representing a quality consistency, a high production output and an exemplary cleanliness. In addition to that, our production is DIN EN ISO 9001:2008, EMAS II and DIN EN ISO 14001:2005 certified.

Mould shop.

Engin and our whole team from our mould shop ensure a high flexibility in the construction of new moulds thanks to the company-owned principal mould system. In addition to that, we can offer you a lot of additional designs, which we can manufacture with existing tools individually and to order.

Pöppelmann KAPSTO® product range:

3,000 solutions. Free samples. No minimum order quantities. Available from stock.
